FOR IMMEDIATE RELEASE

Arnco Hardbanding Sponsors the 2013 Bangkok Oilfield Classic in Thailand

Houston, TX, September 6, 2013 - The 1st annual Bangkok Oilfield Classic charity golf tournament attracted more than 100 oil and gas executives from around the world who gathered on 10th August 2013 at the Bangpakong Riverside Country Club for a day of golf and fun.

The weather was perfect for a day of golf, with the sun shining and a slight breeze.

After playing 18 holes, everyone returned to the Club House for dinner, a Silent Auction and prizes. There were over 140 players participating in the Bangkok Oilfield Classic, benefiting Yim Kids (Yim is smile in Thai) which funds sustainable projects throughout Thailand committed to improving educational opportunities and child health in the "Land of Smiles". In the end, the tournament raised an amazing THB 270,000 for Yim Kids.

Event organizers and sponsors were delighted with the day. This is a great start and we are very pleased with this result for our first tournament.

Next year we intend to grow the field and raise more!
